

## Beyond the Fire Drill Workshop

### *Creating an All Hazards Emergency Plan*

All Child Care Providers are required to have a written plan that covers, fires, tornadoes, serious accidents and Crisis Management, including, but not limited to intruders and bomb threats.

This is a training workshop that will take a step-by-step approach to writing an emergency plan for Child Care Providers, including what is required to comply with state regulations and best practices offered by Homeland Security.

At the end of the training the participants will be able to:

- Explain why child care providers should have a disaster plan
- List and prepare for the types of emergencies and disasters most likely to occur in their area
- Develop an emergency plan for their child care center
- Identify and learn how to communicate with local emergency responders

Prerequisite:      None  
Duration:            4 hours
